Colonials Take Trip Under Sunny Skies

by Kitty Maddock

• CLOUDS OF PINK cotton candy and shrieks from the roller coaster set the scene for last Saturday's Colonial cruise to Marshall Hall.

A crowd of students, faculty and alumni boarded the Mount Vernon at 1:30 under the sunny sky of the warmest day of the year. The University band played for dancers in the ship's ballroom and group singing competed with the spritely breeze on the top deck during the trip down river. Following a short stop at Mount Vernon, the boat docked at Marshall Hall about 3:15 p.m.

Babysitters with their charges and groups of students invaded the amusement park during the afternoon, where the merry-go-round, whip and games of chance proved to be among the most popular attractions. The softball, volleyball and badminton in the picnic area was well attended throughout the day.

Box Supper

The crowd sat down for a box supper at 6:00 p.m. followed by a community sing around the picnic tables and dancing to a jukebox in the amusement center. Bob Daniel's square dance band played for an old-fashioned square dance hoedown, with Irving Gator calling.

"The Game" from "Damn Yankees" by Ed Rutsch, Mike Sileo, Chick Trueblood, Bernie Passeltiner and Walter Janicki, and imitations by Chuck Harris from Friday night's All-U-Follies highlighted the entertainment. Dr. Robert H. Harmon directed the men's choral group and Mickey Croce acted as master of ceremonies for the entertainment.

Boats Back

A special boat for early departures left for Washington at 5:30 p.m. The majority of the crowd boarded the boat for the return trip at 10:00 p.m. and danced to the music of the Mount Vernon orchestra during the homeward trip. The boat docked shortly after midnight.

Final tallies show a slight case of imbalance. Four offices are uncontested, leaving congratulations instead of campaigning in order for Jerry Reinsdorf, advocate; Myra Little, freshman director; Bernie Passeltiner, publicity director; and Sandra Shoemaker, Columbian College representative.

On the other hand, there are four contenders for president, five for activities director (Helen Niles' competition for the job came through with a bang!) and six for Junior College representative.

Before proceeding to the qualifications of candidates, Harry Gordon, of his fraternity's elections committee, submitted the following notice: "Phi Sigma Kappa has not entered into any coalition or formed any deal with any frat on campus or off. Due to rumors, we'd like the student body to be informed of the above statement."

Qualifications were drawn from the petitions submitted by the candidates to the Activities Office. Allowances should be made for individual differences in filling out such forms but a trip to Lisner Auditorium at 12:30 today

Follies Gives Tour of City

by Kitty Maddock

• GRACEFUL HAWAIIAN Hula girls and an exotic Siamese dance gave an international flavor to the All-Follies "Tour of New York." Friday night in Lisner auditorium.

The antics of the boys of Sigma Nu aping hula girls Janice Marshall, Gail Shaver and Carolyn Rowe made a colorful contrast. A novel dance from the court of the King of Siam featuring Sigrid Weeks was one of the highlights of the evening.

"Newsboy" Jerry Osborne, master of ceremonies and narrator, began the tour of the big town with an early morning scene in Times Square. Damon Runyon's fantastic guys emphatically proclaimed they had "the horse right here" as they scanned the early morning tip sheets in "Fugue for Tinhorns" from "Guys and Dolls."

The cultural side of the busy city was sampled by Bill Dotson in an aria from "Pagliacci." A scene from the movie "Stalag 17" by Mickey Croce, Chuck Forbes, Steve Gerachis, Dick Giesler, Ed Rutsch, David Steinman, Chick Trueblood and Mal Yablon moved the tour on to more familiar haunts.

The football team, with the aid of Beverly Alexander, lumbered gaily in a comic ballet climaxing the show.

Professor Donald Kline was honored at intermission with an award for his services to the Drama department, presented by Ed Ferero.

voting intelligently for the various officers and representatives," Mr. Barnard said. "For several weeks the HATCHET has been giving wide coverage to various election issues. During the elections assembly in Lisner today, everyone will have an opportunity to see and hear the various candidates."

Questioned about "Greek control" of elections, he replied, "Contrary to popular opinion, the Greeks don't control the elections. There just aren't that many of them."

Mr. Barnard summarized his ideas on the student vote when he said, "The University social life, activities and elections are for everyone—young and old, part time and full time, service personnel, returning veterans and students just out of high school."

There is no better way to start off in the collegiate spirit than by using the right to help choose the people who sponsor and control student activities

will give you a chance to hear all candidates.

The hottest race is naturally for president. Here we find Dick Giesler, Joe Hince, Bruce Mencher and Earl Smith. Dick has served as housemanager, vice president and president of Sigma Chi fraternity, co-chairman of Winter Weekend, social chairman for Welling Hall and in Gate and Key fraternity honorary society. He was recently elected president of the Interfraternity Council. Asked for remarks about his plans, he said, "I plan on devoting twenty-four hours per day to the job. I plan on close cooperation with University faculty, student body and the community. I offer time, sincerely and effort."

Joe Hince worked as Shipwreck Ball chairman, corresponding secretary, and president of Pi Kappa Alpha; freshman representative and vice president (two years) of Welling Hall; Junior College representative on the Student Council in 1954-55; co-chairman of the Colonial Cruise last year and this; and has worked in IFC, Gate and (See INFORMER, Page 4)

Student Gets Apple Crown

• QUEEN SHENANDOAH XXIX, Laura (Mimi) MacArthur, was crowned in Winchester, Va., at the opening of the 1956 Apple Blossom Festival last Thursday before 15,000 spectators.

Sunny skies and warm weather prevailed as Miss MacArthur, dressed in a bouffant white gown, received her diamond crown from the Lord Mayor of London, Cuthbert Lowell Ackroyd. The queen and her court of thirty-six princesses and two maids of honor, reigned over the festival Thursday, Friday and Saturday.

Highlighting the celebration was the presentation of a pageant, "These Things Endure," by more than 1,000 Winchester students. The play depicted the arrival of spring and featured a tribute to Woodrow Wilson, whose widow was present.

Other events during the three-day festival included the annual fireman's parade Thursday and the grand parade Friday. This parade consisted of 246 units including sixty colorful floats and forty antique automobiles with drivers and riders decked out in "gay nineties" apparel.

One of her princesses was Judy Jeeves, a junior majoring in journalism at the University. Miss Jeeves was chosen as the University's Apple Blossom princess, February 9. She was nominated by Tau Kappa Epsilon fraternity.

Committee Expands Enrollment Program

• "OUR PRIMARY objective is to increase daytime enrollment by personal contact and by increasing the information available to the high schools," said Ray Garcia, co-chairman of the Student Enrollment committee.

The committee has recently expanded its program to include tours for high school students who visit Washington on senior trips. The committee will play host to groups of out of town students May 7 through 11 from 2 to 4 p.m. on the second floor of the Student Union. Mr. Garcia urges any students in the Union

at that time to come and help answer questions about the University.

Another plan of the committee is to select University students to serve as liaison between their former high schools and the University. The representatives will make informal visits to their high schools, encouraging seniors to attend the University.

Interested students are asked to submit petitions to the Student Activities office before May 15. Mr. Garcia emphasizes that representatives are needed for all area high schools.

Editorial Vote!

• THIS WEEK finds us recuperating from the magnificent but exhausting Colonial cruise, finishing up mid-terms and gazing aghast at the final exam schedule, but let's take time out to think about some other business at hand.

Today at 12:30 p.m., candidates for Student Council offices will present their platforms in Lisner auditorium. Tomorrow and Thursday will be filled with active campaigning and (we hope!) hundreds, or even thousands, of students casting ballots.

Friday will be filled with excitement as the women of the University vote for May Queen and eager throngs gather in Lisner to see the festivities, hear the results of the SC elections and witness the presentation of awards and Omicron Delta Kappa and Mortar Board tapping.

It's a real busy week and it is possible that in all the hullabaloo something can be forgotten. We should make sure that the "something" is not the proposed amendments to the Articles of Student government. They have appeared in the HATCHET; they were publicized on the Colonial cruise. Tomorrow you will find them attached to your ballot.

Read them carefully, think about the implications, make up your mind and VOTE! Particular attention should be paid to the newest proposed revision—whether or not to hold future Student Council elections early in the spring semester.

He can only plan to do those things he knows must be done and take care of things that 'come up' during the year to the best of his ability. Earl Smith is the present Student Council Student Union chairman, treasurer of the International Relations Club, sergeant at arms of Delta Tau Delta fraternity, in Old Men and was chairman of the Summer Carnival reserved seating. He says, "Presuming the proposed amendments pass, I would like to see the school representatives act as members-at-large to further interest in school activities and encourage participation in them. I propose a constitutional amendment to provide for the election of a single combo head to the student council."

For vice president we have Jim Biller and Ray Garcia. Jim has served his fraternity, Phi Sigma Kappa, as pledge class president, social chairman, pledge trainer, vice president, and twice as president; IFC as delegate, By-Laws

Life Was Unbearable For J. Paul Sheedy* Till Wildroot Cream-Oil Gave Him Confidence

Sheedy's honey kept giving him the cold shoulder. "This is more than I can bear! Fry not be n-ice?" he moaned. "What fur?" she demanded. "It'll be a frosty Friday before I date you again. And just in glacier wondering why, take a look at your shaggy hair." This made Sheedy paws and think. So he got Wildroot Cream-Oil and now he's the picture of confidence. His hair is handsome and healthy looking, neat but not greasy. Wildroot contains the heart of Lanolin, Nature's finest hair and scalp conditioner. Take Sheedy's advice. Whether your hair is straight or curly, blonde, red, black or bruin, keep it neat with Wildroot Cream-Oil. In bottles or handy tubes. It's the berries!

• SUNBURNED THOUGH I may be, I have returned from my quick tour of Northern, Southern, Eastern and Western U. S. (the white-bucks bird seemed rather upset—must have been something that I said or he ate). Fortunately, your friend Hester returned just in time for the Cruise.

Alpha Delta Pi celebrated its 105th anniversary at the Founder's Day luncheon at the Washington Golf and Country Club on Saturday. Chapter awards went to Marilyn Shaffer, Outstanding Recent Initiate; to Mary Louise Bishop, Outstanding Active, and to Catherine Pendleton for achievement in scholarship.

At the Phi Sig party following the All-U-Folies last Friday, prexy Jim Biller was forced to chug-a-lug the "I bet you can't" jug as retribution for being elected to attend the Phi Sig convention this year, all expenses paid. Hilarity prevailed as Jim Newheller entertained at the piano with his modified version of songs by Tom Lehrer (it says here. What a split personality this guy has — when last seen at 2:00 a.m. he was warming a chair at a local Georgetown pub. Oh, well—this is the week for miracles...)

Rumor has it that rumor was wrong last week concerning the gay, mad elopement of SAE Joe Augustine with a Sweetbriar girl. This news will bring sighs of relief from at least six or seven G. W. THE TRUE AND TYPICAL CASE OF CHATSWORTH OSCEOLA

The school year draws to an end, and everybody is wondering about the future — everybody, that is, except the engineers. Today there is not a single engineer on a single campus who has not received a dozen fabulous offers from a dozen corporations.

All this, of course, you know. But do you know just how fabulous these offers are? Do you have any idea how wildly the corporations are competing? Let me cite for you the true and typical case of Chatsworth Osceola, a true and typical senior.

Chatsworth, walking across the M.I.T. campus one day last week, was hailed by a man parked at the curb in a yellow convertible studded with precious gemstones. "Hello," said the man. "I am Darien T. Sigafoos of the Sigafoos Bearing and Bushing Company. Do you like this car?"

"Yeah, hey," said Chatsworth.

"It's yours," said Sigafoos.

"Thanks, hey," said Chatsworth.

"Do you like Philip Morris?" said Sigafoos.

"Of corris!" said Chatsworth.

"Here is a pack," said Sigafoos. "And a new pack will be delivered to you at six-hour intervals every day as long as you shall live."

"Thanks, hey," said Chatsworth.

"Does your wife like Philip Morris?" said Sigafoos.

"I'm not married," said Chatsworth.

"Do you want to be?" said Sigafoos.

"What American boy doesn't?" said Chatsworth.

Sigafoos pressed a button on the dashboard of the convertible, and the trunk opened up, and out came a nubile maiden with golden hair, flawless features, a perfect disposition, and the appendix already removed. "This is Laurel Geduldig," said Sigafoos. "Would you like to marry her?"

"Is her appendix out?" said Chatsworth.

"Yes," said Sigafoos.

"Okay," said Chatsworth.

"Congratulations," said Sigafoos. "And for the happy bride, a pack of Philip Morris every six hours for the rest of her life."

"Thanks, hey," said Laurel.

"Now then," said Sigafoos to Chatsworth, "let's get down to business. My company will start you at \$45,000 a year. You will retire at full salary upon reaching the age of 28. When you start work, we will give you a three-story house made of bullion, complete with a French Provincial swimming pool. We will provide sifter service for all your children until they are safely through puberty. We will guarantee to keep your teeth in good repair; also the teeth of your wife and children unto the third generation. We will send your dentist a pack of Philip Morris every six hours as long as he shall live... Now, son, think carefully about this offer. Meanwhile, here is one thousand dollars in small, unmarked bills, which places you under no obligation whatsoever."

"It certainly seems like a fair offer," said Chatsworth. "But there is something you should know. I am not an engineer. In fact, I don't go to M.I.T. I am a poetry major at Harvard. I just came over here on a bird walk."

"Oh," said Sigafoos.

"I guess I don't get to keep this money and the convertible and Laurel now, do I?" said Chatsworth.

"Of course you do," said Sigafoos. "And if you'd like the job, my offer still stands."

The makers of Philip Morris, who sponsor this column, are delighted to know that times are so good for the engineers. To make times even better—for the engineers and everybody else—here's a gentle suggestion: Philip Morris, of corris!

Council Capers

by Doris Rosenberg

• SOMETHING HAS definitely been added to Student Council elections! For this year, instead of voting only for new Council officers and members, students will also be asked to give their opinions on Campus Combo and eleven proposed constitutional changes.

The eleventh amendment to the Student Council constitution was added to the list of proposed changes just last week. This amendment, which states that future Council elections will be held in February instead of in May, as is done at present, was discussed at such great length at last week's Council meeting that a special meeting had to be held the next day to finish the discussion. At the regular Wednesday night meeting, the necessary two-thirds vote could not be obtained because only slightly more than two thirds of the Council members were present. At the special Thursday meeting, discussion was continued and the amendment approved.

For Efficiency

Originally proposed by Member-at-Large Dick Sincoff, the new amendment is aimed at making the Council more efficient. The amendment would also relieve the senior members (which comprise at least 50% of the Council at any one time) of the added burden of Council duties in their last semester. As Mr. Sincoff pointed out, active seniors are "really loaded up" during their final semester, because in addition to studies, extra-curricular activities and, quite often, part-time jobs, they are also required to take numerous senior exams and attend to many other things at this time.

President Roy Barnard was also very much in favor of the amendment, saying he thought it was "a very excellent idea." He said that "the new Council coming in at mid-year would operate at a higher peak of efficiency." Members would be fresh and eager to tackle their jobs, and the summer vacation coming in at the middle of their term would serve to refresh and revitalize them.

Terms Reduced

If this amendment is approved by Student Life and the student body, it will go into effect immediately, thereby reducing the term of the 1956-57 Student Council by two months.

Also discussed at last week's meeting were plans for May Day,

which will be held this Friday, May 4, at Lisner auditorium. Joan Duke Gates, Activities Director and over-all chairman of the affair, announced that Bob Cantrell will emcee the show. Dr. Don C. Faith, Director of Men's Activities,

will announce the results of the Student Council elections as he has done in the past. The naming and presentation of the 1956 May Queen is also on the program for the evening. Voting for the Queen will be held earlier in the day;

the preliminary voting will be held from 11:30 to 12:30, and the final voting (to select the winner from among three finalists) from 1 to 2:30. All women students are eligible to vote. Candidates for

the title of May Queen are the women elected to "Who's Who" last fall.

Your new Student Council is being elected this week. Don't forget to vote for your candidates.

Doctor Writes New Paper About The Common Cold

by Ann Murayana

• "THE COMMON COLD," is the subject of a paper by Dr. Mary Louise Robbins, associate professor of bacteriology at the University School of Medicine.

Some of her many contributions to science have been her studies and research on influenza, poliomyelitis, and fever blister.

The "common cold" is an acute virus infection of the upper respiratory tract, according to Dr. Robbins. Allergies, often resembling colds, are not infections and are therefore not really "colds."

Little progress can be made in studying the cause and treatment of an infectious disease until the germ can be grown in the laboratory. Dr. Robbins says in explaining why it has been so difficult to learn about the cause and treatment of a cold. Many viruses grow easily in small laboratory animals, chick embryos or tissue culture, and for years investigators have tried to grow cold viruses in these ways with only partial success.

True Virus Disease

Dr. Robbins says that we have made no significant progress in the treatment of the cold. She continues, the cold is a true virus disease, and there is as yet no specific treatment for any disease caused by a true virus.

The only way to keep from getting a cold is to keep away from a person who has one. The best preventive measure, since this is difficult and often impossible, is to keep in good general health in order to keep up resistance to all infectious diseases, says Dr. Robbins.

Antibiotics Reduce Danger

Cold viruses themselves do not cause serious diseases. It is only if the so-called "secondary bacterial infections" occur that complications arise, she says. These appear in many forms, usually mild. The most serious are middle-ear infections and pneumonia, she continues. Antibiotics, directed against the bacterial infection, have phenomenally reduced the dangers of the complications.

Colds appear mainly in cold weather, but no satisfactory reason has been found for this situation, admits Dr. Robbins. In answer to the question who is most susceptible to colds, she says the only generalization that can be made is that children are. Miss Robbins also says for some people a cold can be psychosomatic in origin as far as symptoms are concerned. Of course, she concludes, this is not a true, infectious cold, but the patient feels just as uncomfortable.

SCHOOL OF EDUCATION

• OLIVER J. CALDWELL, assistant commissioner for international education, U. S. Office of Education, delivered the annual Ruediger lecture April 25 in Monroe Hall.

Sponsored by Alpha Theta chapter of Pi Lambda Theta, professional education fraternity, the lecture honors William Carl Ruediger, late dean of the University's School of Education.

"We must develop a new kind of education to equip the new American to survive in a new world," Mr. Caldwell stated. "The problem of our generation is a problem of survival. All of mankind are unwilling passengers in the same leaky ark, adrift in a stormy sea. Whether the ark and its cargo survives, and what kind of new world it creates, depends on the ability of the leadership of our generation to develop in man a capacity for survival," he continued.

"Basically, our children should learn the realities of the tense, harsh world which they must not only learn to live in, but which they must also take a position of leadership," Mr. Caldwell said.

"The new American faces an exciting universe of unlimited possibilities. He must have a new and better education for a new kind of life and achievement," Mr. Caldwell concluded.

Keio Submits Mitka Campus

• THE HATCHET RECEIVES the MITKA CAMPUS, "student's own publication," Keio University, Japan, as a part of a newspaper exchange program. This story was submitted and published in the NEW YORKER, February 18, 1956.

As is always the case, Keio boys throng to the Ginza to drink and make merry after the Keio-Waseda Baseball Game while Waseda students go to the Shinjuku, regardless of the result of the match.

On these evenings, Keio boys are to some extent allowed to behave ungentlemanly: It happened on one of the evenings of the K-W match last spring, we were on the Ginza streets and very cheerful because that day Keio defeated Waseda. After a few glasses of beer we went into the street to find it was raining. Marching to the next beerhall, we found a lady with an umbrella big enough for her only. Next moment one of us was under the umbrella side by side with her. How shameful. If it had been another day. Fortunately she said nothing. Perhaps she knew that this was our day to celebrate.

It is on those evenings, that we are often given an unexpected present: (It is a custom that seniors buy some drinks for their juniors.) It also happened last spring that when we were drinking at a bar, we were treated to some glasses of whiskey by a stranger.

• **THE TENNIS TEAM** kept it's Southern Conference loss column clean as they beat Richmond 6-3 last Monday. Jack Tarr lost his single match to Chuck Stratey of Richmond by a close margin but Herb Rappaport beat Collins of Richmond in the number "2" singles. The only other losses that G. W. had in the game were Leibowitz' loss to Collins of Richmond and the Tarr-Walsh double combination.

Neil Walsh, John Bouquet, and Phil Dobyns also won their single matches for G. W. and the doubles combination of Rappaport-Leibowitz and Bouquet-Dobyns came through in fine form to cinch the win.

This Wednesday the Tennis Team will travel to William and Mary where Thursday, Friday, and Saturday the Southern Conference Tournament will be held.

• **THE SAILING TEAM** traveled to Annapolis last Saturday to participate in the first round competition of the Middle Atlantic Intercollegiate Sailing Association eliminations.

Dinghy sailors from eight schools are competing in the two-day meet on the Severn River. The five top finishers at the end of two-day meet will face five being chosen this weekend at King's Point, N. Y., for the Middle Atlantic title.

The standings at the end of the first day shows Navy in the lead with 106 points, followed by Princeton, 91 points, Haverford

73 points, Georgetown, Drexel each with 69 points and George Washington and Catholic U. each with 68 points followed by Penn. with 49 points.

• **THE GOLF TEAM**, turning in a splendid performance, beat William and Mary 7-2 Thursday. Five

of the six golfers won their matches turning in a low team score. Vic Bartlett, Irv Salamey and Warren Krick played outstanding for George Washington.

The golf team was beaten last Monday by Washington and Lee at Lexington, by a score of 7-2.

BUFF

(Continued from Page 12)

Austin cracked out three. Every man in the starting lineup got a hit except Skinny Saffer, but he more than compensated for that by working Indian hurlers for four bases on balls.

The Colonials jumped to a quick five-run lead in the first inning. Reid singled, Hill walked, and Saffer also walked to jam the bases. Cleanup hitter Austin blasted a triple to deep left to unload the sacks. Looney walked, and Colna singled to left to score Austin. Henzes drove in Looney with the fifth run of the inning when he also singled to left.

In the fourth singles by Reid, Hill, and Austin produced the sixth G. W. run. Reid walked to open the sixth, stole second, and scored on Austin's hit to center. W&M came to life in the bottom sixth, scoring four times and narrowing the margin, 7-4. Paul Secules drove in two of the runs with a single to left. Secules was a thorn in Bauk's side all afternoon, getting four hits in as many trips to the plate.

Seven Runs

G. W. put the game on ice in the eighth inning with a seven-run uprising. After Hill fled to center, the dam broke with the next eight men getting on base. Saffer walked, Austin was hit by a pitched ball, and Looney reached first on an error to fill the bases. Colna brought two runs home with a sharp single to left. Pete Stockwell of W&M balked, sending Looney home and Colna to second. Henzes walked and Cilen to singled to left for the fourth run of the inning. Bauk blasted a drive to right center, which is probably still rolling, for a three run homer to end the scoring.

The Buff picked up an "insurance" run in the ninth when Saffer walked, stole second, went to third on catcher Secules' error and scored on Looney's sacrifice fly to right.

Pot Shots: Bobby Reid, trapped off second in the W&M game, stumbled and fell while trying to get back to bag and injured his ankle. Nothing serious. . . . Pitcher Steve Bauk is leading the team in hitting with a .368 mark. . . . Although he doesn't have the base hits, Jack Henzes has the sharpest eye at the plate, having struck out only once all year.

Buff Tied With W. Virginia For Lead

Colonials Trounce Keydets, Indians

• **BITS OFF THE LEVEL** . . . I refer you to last week's LIFE magazine, in which a number of amateur trackmen confess to having taken overexposures from the AAU. A revealing story, it again points to the need of an AAU cleanup. . . . If Maryland and Navy have anything to do with it, lacrosse will soon be a nationwide "major" sport. Never has lacrosse fever been so high than these few years, especially in competition between these two schools. Crowds up to 13,000 have watched the Terps and Middles work the little white ball around.

If Pancho Gonzales is not the greatest tennis player in the world today, I don't know who is. Two years ago I couldn't have said so, but now he's top man on the tennis totem pole. . . . The Colonial tennis team is pretty good bet to bring home the Conference title or come close to missing it. . . . We also have chances to win the first place cups in baseball and golf. . . . Why is it that Washington so infrequently comes off best in player deals? And if the Senators propose to build good teams, where is their active and extensive farm system? Something should be done to relieve the trial of loyal Senators fans, who of late have had to concern themselves with the hot races for last place.

It's interesting the way the Yankees butchered the Boston Red Sox in their first series this year. It was the typical New York method of serving notice to the opposition. . . . It's even more interesting to note the way Boston floundered without Ted Williams. . . . I hope the All-U Folliés' male corps de ballet is as crowd-pleasing next football season as they were Friday night. Anyone who missed Ed Rutsch in his skits and the "dancers" in the final number missed a fine show.

Netters Look For S.C. Title

• **THE COLONIAL** tennis team, boasting a 5-0 Conference record, will probably be favored in the Championships held in Williamsburg this Thursday, Friday and Saturday. Three of the Colonial singles players are undefeated in Conference play, Herb Rappaport, No. 2 man, Neil Walsh, No. 4 man and John Bouquet, No. 5 man.

Tennis coach Bill Shreve is confident that the team is by far the best in actual team matches. However, the Tournament is not decided by team strength, but by individual play. All the players are mixed up, so a No. 6 man could play another school's top player in the first round.

One point is awarded for every match won, so if a school had two fine players, those two, by winning singles and doubles, could win the meet. However, with no school particularly outstanding in individual players, Coach Shreve believes the team's depth will be a big factor.

If the draw breaks right, he feels that his first four singles players could reach the quarter-finals and that two of them could make the semis. In doubles, the Colonials should hold down the number 2 and 4 seedings and thus are assured two semi-finals berths. Actually, the team's strength lies in its number 1 and 2 doubles teams.

Alphans Win Table Tennis

• **PHI ALPHA** won the intramural ping pong championship last week by the simple process of flooding the tournament with a large number of good players. Other organizations tried the same tactic, but the quality of play did not measure up to the quantity of the entries. Phi Alpha's winning total of 419 points has moved them into first place in the mural standings. Phi Sig finished in second place while AEP1 took third.

In an All-Independent final for the Individual Table Tennis Championship, John Terauds defeated John Bouquet in an exciting 3 out of 5 match to regain the title he won two years ago.

Attention all golfers! Mural golf has been extended to May 6! Get a partner from another organization and get on out to East Potomac, Course F.

All rained-out softball games scheduled for 12:30 on April 15 have been cancelled because they will have no bearing on the championship. All games in Leagues A and B scheduled for 11 a.m. on April 15 WILL BE PLAYED at 11 this Sunday, May 6. Leagues C and D will play the postponed April 11 schedule at 2 p.m. and 3:30 p.m. on May 6.

Spring has finally sprung, as the saying goes, but I do not believe that many mural twirlers are aware of this fact.

Softball scores for April 29: League A: Lions 3, SN 0; SX 5, TEP 1; Newman Club forfeited to DTD "B"; SX 14, DTD "B" 5; Lions 7, TEP 0; Med Seniors forfeited to SN.

League B: Phi Sig 11, AEP1 6; KS forfeited to Phi Alpha; Theta Tau 5, PIKA "B" 2; Phi Alpha 20, PIKA "B" 2; Phi Sig 15, KS 5; AEP1 12, SAE "B" 3.

League C: Med Sophs 12, ROTC 8; SPE 12, SN "B" 0; DTD 32, TKE 18.

League D: SAE 21, Acacia 0; Phi Alpha "B" 12, DTPH 6; PIKA 14, KA 5.

• **FLEXING THEIR** muscles in Ruthian style, the Colonials went on a batting rampage last week, crushing Virginia Military Institute 11-1 and walloping William and Mary 15-6.

Silent bats began to speak for the first time this season as the Buff cracked out eleven hits against VMI and fourteen against W&M. Included in that barrage were two doubles, four triples, and a pair of home runs.

In winning both Southern Conference games, G. W. now shares the lead with West Virginia, both having 4-1 records. This week end the Buff will hit the road on an important four-game jaunt through Virginia. The Colonials play at VMI Friday, travel to W&L Saturday, and wind up with a doubleheader at VPI on Monday.

The big man with the big bat of late has been Bo Austin. In the two games Bo drove in seven runs and hit safely four out of seven trips to the plate. In the Southern Conference games he has knocked in a total of 11 runs, which is great timely hitting. Dick Cilento in the VMI contest and pitcher Steve Bauk in the W&M game also swung wicked bats, each one blasting a triple and home run. Bobby Reid came alive, too, stroking a pair of singles in each game.

Wallowac Strong

Pitching again stood out for the Buff in the two games. Stan Wallowac set down the Keydets on only five hits and struck out nine, while Steve Bauk pitched a steady nine-hitter against W&M, whiffing 10 Indians, and chalked up his fourth victory against only one loss.

The VMI game was no contest as G. W. jumped to an early lead and continued to score as the game progressed. Reid started the scoring in the first inning with a single down the first base line, Hill forced Bobby at second, but

Austin walked and Looney singled to score Hill.

That was just the beginning. Dorish opened the second with a triple to left, Cilento followed with another booming triple, this one to right, driving in Dorish. Reid reached first on a fielder's choice, Cilento being thrown out at the plate. Hill singled with two gone, and Saffer doubled to right center sending Reid and Hill across the plate.

Cilento Homers

After VMI scored their lone run in the top of the third, G. W. bounced back with four more in their half. Looney singled to left, and Herman reached first on a fielder's choice, all hands being safe. Cilento smashed a towering drive over left fielder Swihart's head for a three-run homer. Reid singled and three walks brought him home.

Dorish was safe on a fielder's choice in the fourth, went to second on an error by second baseman Drake, and scored all the way from second on first baseman Heathcote's error. In the fifth Hill walked, stole second, and scored on Austin's single to center. G. W. got their eleventh and final run in the eighth when Colna walked, stole second, reached third on catcher McLennan's error, and scored on a passed ball.

Heavy Hitting

In the game with William and Mary at Williamsburg, the Buff put on their heaviest hitting display of the season. Bobby Reid, Ted Colna, Jack Henzes and Steve Bauk each got two hits while Bo
